About this New look Booklet

Welcome to our new look funding booklet, the booklet is divided up into seven different sections, this will make searching easier as you will now be able to go directly to the sections that you are interested in. Some funders will straddle two or more priorities. However, we will only enter a funder once, unless it has two or more distinctive programmes. So you might need to search under other sections if your activities cover several areas.

This booklet has been developed to help voluntary and community organisations in Islington in their fundraising efforts. **You can also access more funders by going to the Islington Funding Toolkit on our website [here](#)**

We aim to update this booklet every 6 months. The footer at the bottom of the page will tell you when it was last updated. This information has been compiled by the development officers at Voluntary Action Islington and funding advisors from other Councils for Voluntary Services.

It is not a complete list of all small and medium sized grants available but provides a quick starting point for voluntary and community groups looking for funding for their projects. Although we have made every effort to ensure that all the information in this booklet is correct, we recommend you check the deadlines and criteria with the funders directly. Please also contact the funders directly to obtain application forms and further information about the grants.

To apply for any of the grants listed, you need a management committee, a governing document (constitution or memorandum & articles) and a bank account, although some funders may allow another organisation to receive a grant on your behalf. You do not need to be a registered charity/company unless a funder specifically states this (however do check with the funder). Please note that many of the grant schemes are on-going. If you miss a deadline, there might be another one soon, so please do contact the funders directly to find out. The new additions are highlighted on the pages.

About Crowd Funding

Crowdfunding is a way of raising finance by asking a large number of people each for a small amount of money. Until recently, financing a business, project or venture involved asking a few people for large sums of money. Crowdfunding switches this idea around, using the internet to talk to thousands – if not millions – of potential funders. Typically, those seeking funds will set up a profile of their project on a website such as those run by our members. They can then use social media, alongside traditional networks of friends, family and work acquaintances, to raise money. There are three different types of crowdfunding: donation, debt and equity.
